ELCAYA

## How to get rid of eczema with Resinol

Resinol Ointment, with Resinol  
Soap, usually stops itching *instantly*.  
It quickly and easily heals distress-  
ing cases of eczema, rash or other  
tormenting skin or scalp eruptions,  
and clears away pimples, redness,  
roughness and dandruff, even when  
other treatments have been useless.

Physicians have prescribed Resinol treat-  
ment for over 25 years. Every doctor tells  
Resinol Ointment and Resinol Soap. Trial  
free. Dept. 10-R, Resinol, Baltimore, Md.

### HEADACHES

Thousands of men and women suffer from  
headaches every day, other thousands have  
headaches every week or every month, and still  
others have headaches occasionally, but not at  
regular intervals. The best doctor is often unable  
to find the cause of many of these headaches,  
and in most other cases, knowing the cause, he  
does not know what will remove it, so as to give  
a permanent cure. All he can do is to prescribe  
the usual pain relievers, which give temporary  
relief, but the headache returns as usual, and  
treatment is again necessary. If you suffer from  
headaches, no matter what their nature, take  
anti-kampis tablets, and the results will be satis-  
factory in the highest degree. You can obtain  
them at all drug stores in any quantity, 50c worth,  
25c worth or more. Ask for A-K Tablets.

### SICK-HEADACHES

Sick headache, the most miserable of all sick-  
nesses, knows its terror when A-K Tablets are  
taken. When you feel an attack coming on take  
two tablets, and in many cases, the attack will  
be varied off. During an attack take one A-K  
Tablet every two hours. The rest and comfort  
which follow, can be obtained in no other way.  
Genuine A-K Tablets bear the AK mon-  
ogram. At all druggists.

hopes to ride into popularity by a  
diplomatic triumph over his powerful  
northern neighbor or upon a war wave  
which might re-establish his tottering  
government in popular estimation.  
Once the war was on, and the certain  
defeat of his armies foreshadowed,  
these observers say, General Carranza

might sue for peace, trusting to the  
majority of the Washington govern-  
ment to leave him in power.

Increasing uneasiness over the  
plight of some 5,000 American civil-  
ians now in Mexico, was manifested  
today in official quarters. Approxi-  
mately 1,200 of that number are in  
Mexico City, despite warning after  
warning through American consuls  
and other officials. Another empha-  
tic message advising them to leave  
Mexico immediately was sent by the  
state department through Special  
Agent Rodgers a day or two ago.

**Mob Spirit Being Stirred.**  
Officials do not believe the Carranza  
government would sanction an at-  
tack upon American residents or that  
other foreigners would be involved in  
any case. A weapon of terrible pos-  
sibilities is being forced in Mexico,  
however, with the attempts to incite  
the ignorant peon population to a  
war-like feeling against the United  
States. Mobs formed by half-starved  
natives have been told that all  
of Mexico's accumulated troubles are  
traceable to the Americans, might  
well precipitate a situation beyond the  
control of the government.

Careful preparation has been made  
for the protection of the big Ameri-  
can colony near Tampico. In num-  
bers, it exceeds that in the capital, but  
it is near the sea and navy gunboats  
and light craft, already have been  
designated to offer prompt aid. If  
necessary, small landing parties would  
be sent to open the way to the boats.

**Capital Residents In Peril.**  
For the Mexico City problem, how-  
ever, no such solution presents itself.  
It was suggested to one official today  
that an expeditionary force might be  
rushed to the relief of Americans  
there. He replied that it would  
mean moving an army of 50,000 or  
perhaps 100,000 men and would take  
at least two months to get them there.

Although practically no details con-  
cerning the mobilization of national  
guardmen reached the war depart-  
ment today, acknowledgements of the  
orders came from an every governor with  
word that the troops had been ordered  
under arms. In several instances a  
request that the state be allowed to  
send its full contingent to the border,  
instead of the regiments or brigades  
called for, accompanied the acknowl-  
edgement. Governor Dumas of Illi-  
nois, was one of those who made this  
request.

**Authorization Is Wanted.**  
Secretary Baker announced during  
the day that he had asked Representa-  
tive Hay and Senator Chamberlain,  
chairman of the house and senate  
military committees, to endeavor to

bring about the adoption by congress  
of a resolution putting into immediate  
effect the militia draft provisions of  
the new army organization bill, which  
will become effective July 1.

The resolution probably will be pre-  
sented tomorrow in both houses. With  
this information came also the state-  
ment that the orders calling out the  
state troops were so framed as to  
make it possible to compel the pres-  
ence at the border at least of every  
man enrolled. They were summoned  
as national guardsmen, in which  
status they bear a distinct relation to  
the federal government and, by law,  
are the first source for securing vol-  
unteers; they were also summoned as  
members of the organized militia and,  
as such, cannot be used beyond the  
border though available for any duty  
within the United States.

The draft provision of the new law  
is applicable to every member of the  
national guard or the national guard  
reserve. It cannot be made retroac-  
tive, however, and all national guard-  
men must voluntarily take the dual  
oath of enlistment under the federal  
and state governments before they can  
become subjects to its operation.

It is believed here that there still  
will be little objection on the part of  
most of the guardsmen. It is planned to  
exercise the draft immediately if con-  
gress adopts the resolution, and state  
soldiers who have taken the required  
oath then will become federal soldiers  
with no connection whatever with the  
national guard or the organized mil-  
itia. They will be available for serv-  
ice in Mexico without further formal-  
ities.

**Old Law Still In Force.**  
On the other hand, those who may  
refuse to take the oath and will not,  
therefore, be subject to draft, will re-  
main under federal control under the  
provisions of the old law which still is  
operative. They will be available for  
guard duty along the border if army  
officers feel the urgent need of keep-  
ing ready for that purpose.

The resolution, it is understood, will  
authorize the president to employ the  
armed forces of the United States  
either in Mexico or along the border  
for defensive purposes. Such a pro-  
vision would meet the objection of  
those who hold that a sufficiently  
clear authorization has not been given  
for the purposes of Section III of  
the new army bill providing that  
drafting of national guardsmen can  
begin only after proper authorization  
has been given, by congress for the  
employment of forces other than the  
regular army. Legal officers of the  
war department desire to make cer-  
tain that no complications will arise  
later, to block efficient use of the  
state troops.

Ample equipment of all kinds is on  
hand at the various depots of the  
army. Secretary Baker said today,  
to complete the outfit of all the guard-  
men called for service. A sufficient  
supply of field artillery and machine  
guns and enough ammunition for any  
fighting that might occur also is on  
hand.

The most pressing need will be  
horses to mount all the national guard  
cavalry, and supply gun teams for  
the field batteries. The large excess  
held in army re-mount stables for  
the needs of the regulars will fall  
short of present needs by many thou-  
sands.

Officials are busy working out the  
number that must be supplied and the  
quickest way of securing them.

**High Physical Standards.**  
Another step taken at the war de-  
partment today was preparation for  
orders calling out doctors of the medi-  
cal reserve corps to examine guard-  
men for muster into the federal ser-  
vice. The department will insist upon  
the high physical standards of the  
regular army. In some states that  
already is required and there will be  
little delay. In others, there is reason  
to believe, officers say, that men  
incapable of arduous military service  
have been enrolled for the purpose of  
keeping the companies up to the mini-  
mum strength necessary for federal  
recognition and participation in fed-  
eral appropriations.

**1,080 New Mexicans Rejected.**  
In this connection it has been  
learned that 1,080 men of the New  
Mexico national guard, called out  
some weeks ago, were found unquali-  
fied for federal service. Only three com-  
panies from that state, it is said, have  
been mustered in up to date, the  
others awaiting recruitment to the re-  
quired 55 men. The pension board  
has written Secretary Baker congratul-  
ating him on the fact that physical  
standards for enlistment have not been  
lowered in the regular army because  
of the difficulty in getting men. The  
examination of all guardsmen has  
been ordered to protect the pension  
rolls from undue inflation.

No additional orders have been sent  
to the state troops tonight and none  
will be sent to any unit until it has  
completed muster into the federal  
service. As fast as this work is ac-  
complished General Funston will be  
informed that a given number of in-  
fantry, cavalry or artillery troops are  
available for his use.

**Funston to Designate Posts.**  
He will designate the places on the  
border to which he desires forces of  
each arm sent. The war department  
then will designate troops and to go  
and then arrange for their prompt  
transportation.

There is nothing to indicate how  
many troops will be required imme-  
diately, although in the event of an  
open breach with the Mexican govern-  
ment the whole force probably would  
be sent to general mobilization camps  
at suitable points near the interna-  
tional line. It has been suggested  
that 25,000 additional men would be  
sufficient to stiffen the border guard  
for present purposes.

If that number were sent forward  
immediately, a part of those remain-  
ing at state mobilization points prob-  
ably would be granted furloughs un-  
til time for them to return there in  
active service, who in turn would be  
given furloughs. The plan contem-  
plates distributing the duty of guard-  
ing the border as evenly as possible  
among all the men summoned. It  
will serve also to give the guard extra  
training and greatly increase the ef-  
ficiency of the force against future  
emergencies.

Should war come, it is virtually  
certain that the remainder of the  
the mobile troops of the national  
guard, probably 30,000 strong, would  
be ordered. This force might be sup-  
plemented by a call for volunteers un-  
less the department found it possible  
to recruit the regular army up to the

## ANTI-AMERICAN FEELING CAUSES GENERAL EXODUS

Special Train of 110 Foreign-  
ers Leaves Nacozari for  
Douglas; Calles Issues Re-  
assuring Circular.

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)  
Douglas, Ariz., June 19.—A special  
train will leave Nacozari tonight with  
110 American and other foreign em-  
ployees of the Mochis Copper com-  
pany and a few smaller mines aboard  
it and, according to the expectations  
of the company management, should  
reach Douglas shortly after midnight.

This move was decided upon as a  
precautionary step, according to the  
management of the company. Condi-  
tions in Nacozari were quiet today,  
they said. However, a feeling of hos-  
tility on the part of Mexicans for  
Americans is becoming more evident  
with each day, and by withdrawing  
employees at this time a clash may be  
avoided.

It is also reported here on good  
authority that American employees of  
the mines and smelters in Cananea,  
will come to the border at Naco to-  
night or early in the morning.

**Consular Agent's Telegram.**  
A telegram from W. A. Julian,  
United States consular agent at Cana-  
nea, today said:

"Local conditions here are again  
normal. General Calles issued a cir-  
cular today calling on all citizens to  
respect the rights and safety of for-  
eigners. Mine and smelter are work-  
ing with full crews."

It was reported late today on what  
appeared to be competent authority  
that Consul Frederick Simpich had  
issued orders from his office at Naco  
that all Americans should leave  
the portions of Mexico under his juris-  
diction at once.

**Mexicans to Work Mines.**

It is understood here that the Moc-  
his Copper company at Nacozari  
will continue to be operated by Mexi-  
can employees during the absence of  
the Americans, unless warfare inter-  
venes to prevent it. It is understood  
that a similar arrangement is being  
made in Cananea. Many Cananea  
people came out by automobile Sun-  
day and today.

The management of El Tigre stated  
positively this afternoon that em-  
ployees will not be brought out at this  
time.

Brigadier General T. F. Davis, com-  
manding the American troops in the  
district of Arizona, issued the following  
statement this afternoon:

**Assurances to Spanish-Americans.**

"On account of the raids and the  
resulting pursuit of bandits occurring  
along the Rio Grande, uneasiness over  
the situation is apparent among the  
Mexican population of border towns in  
the United States. It may be so in  
Douglas. Trouble has been and still  
is conspicuously absent along the  
Arizona-Sonora border, and no occa-  
sion has arisen here for any change in  
the prevailing quiet and order. Mexi-  
cans residing or working in Douglas  
and vicinity need not be alarmed, they  
will not be molested by United States  
troops unless they give cause for  
such action."

## GERMAN STEAMER SUNK OFF SWEDISH COAST

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)  
London, June 19.—The German  
steamer Enns, from Christiania for  
Lubeck, was torpedoed this morning  
off the coast north of Falkenberg,  
Sweden, supposedly by a British sub-  
marine, says a Reuter dispatch from  
Stockholm today.

The German steamer Enns was 692  
tons gross, built in 1907, owned in  
Hamburg.

**Leader Confers With President.**  
Washington, June 19.—Vance C.  
McCormick, the new chairman of the  
democratic national committee, dis-  
cussed plans for the presidential cam-  
paign today with President Wilson.  
McCormick, who had just reached the  
city held conferences with several  
democratic leaders. Mr. McCormick  
took lunch with the president and re-  
mained in conference with him more  
than three hours.

Increased strength authorized under  
the new army bill, in any event, Presi-  
dent Wilson probably will fix the size  
of the regular army under that act  
the full strength authorized by law, a  
total of close to 300,000 regular troops.

The war department received many  
inquiries today as to what immunities  
would be granted married men who  
are members of the national guard.  
While most officials were inclined to  
believe that leaves would be granted,  
those who can show that their ab-  
sence from business would be a pri-  
vation to dependent families, it was  
pointed out that each case must be  
presented separately and will be de-  
cided on its merits.

## BUSINESS HOUSES IN NUEVO LAREDO CLOSED

Laredo, Tex., June 19.—All business  
houses in Nuevo Laredo, the Mexican  
town opposite here, were closed today  
by official orders. This action was  
said to have been a direct effect of  
the calling out of all states national  
guard by President Wilson. Intense  
excitement prevailed tonight across  
the river, although no untoward acts  
were reported.

## MEXICANS REPLACE TORN-UP TRACKS

Washington, June 19.—General  
Funston reported tonight that quiet  
prevailed at Matamoros, where con-  
siderable disorder followed the cross-  
ing of Major Anderson's cavalry troop  
Saturday. The dispatch said the  
Mexicans were replacing railroad  
tracks leading across the border there,  
torn up by them Saturday night.

## DIALOGUE OVER WIRE REPEATED BY HELLO GIRLS

Orpet's Invitation to Miss  
Lambert to "Come Out"  
on Eve of Death Was Over-  
heard.

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)  
Waukegan, Ill., June 19.—Two tele-  
phone operators who occasionally re-  
lieved the monotony on the night  
watch by "listening in" on the wire,  
were unexpectedly produced by the  
state today in the case of William H.  
Orpet, the university student, charged  
with the murder of Marion Lambert,  
a Lake Forest high school girl.

The new witnesses, Mary Dunn and  
Edith Kennedy, testified that they  
heard part of the conversation over  
the telephone wire between young  
Orpet and Marion on the night of  
February 8, the night before her  
death. In substance, the conversation  
was said to have been:

**Won't Take Chances.**  
Orpet—"Hello, Marion. This is  
Will. Are you coming out?"  
Marion—"No."  
Orpet—"Pleadingly" "Oh, take a  
chance and come on."  
Marion—"I guess I have taken  
chances enough with you, I think my  
mother was wise last time I was sick."  
Orpet—"I'll give you something to  
fix that."  
Marion—"No, I can't."  
Orpet—"Well, all right; I've got to  
catch the five o'clock train back to  
Madison in the morning."

**Took Place at Eight.**  
Mrs. Kennedy, who at that time  
was unmarried and went by her name,  
en name of Lihlke, and Miss Dunn,  
testified that this conversation took  
place about 8 o'clock in the evening  
of the eighth. When they read of the  
death of Marion, they spoke to others  
in the office about it, and when she  
married, Miss Lihlke told her hus-  
band, but the information did not  
reach State's Attorney Ralph J. Dady  
until last Saturday. He conferred  
with H. Wilkerson and Ralph E. Por-  
ter, attorneys for the defense, on Sun-  
day, too late for them to prepare for  
cross-examination and the girls will  
be recalled for this purpose.

Mrs. Kennedy and Miss Dunn both  
said they knew Marion, and Mrs. Ken-  
nedy said that she was acquainted  
with Orpet's voice.

"He followed me home from work  
one night and spoke to me at my  
door," she said.

**Several Other Witnesses.**

Other witnesses today were Olive  
Rasmussen, Ethel Cole, Viola Frye,  
Katherine Robinson, Elizabeth White,  
Addie Smith, James E. King and  
Percy Longland.

The girls were among the seven-  
teen girls at Marion's birthday party  
February 6. The others testified pre-  
viously. The entire number except  
Josephine Davis, were agreed on one  
point, impeaching the testimony of  
Miss Davis, who spent the night of  
February 8 with Marion, and who was  
at the party. Josephine testified that  
when she and Marion were alone at  
the party for a moment, Marion said  
that she was very unhappy and that  
if Orpet was untrue to her she would  
kill herself.

They were intensely interested when  
they recently visited the Pinkham Labo-  
ratory at Lynn, Mass., and saw the ex-  
treme cleanliness and purity which  
prevail in the preparation and stor-  
ing of Lydia E. Pinkham's Vegetable

medicines. An hour is required to go  
through so large an establishment.  
One thing which struck the visit-  
ors was the great number of files contain-  
ing the letters of women who told  
how much the famous Compound had  
done for them. Only part of them are  
published, and no letter is ever pub-  
lished without the writer's permission.

## A DELEGATION OF WOMEN

## HIGH SUGAR PRICES TO REMAIN AFTER WAR

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)  
New York, June 19.—High sugar  
prices will continue for some time  
after the European war, Chas. A.  
Speckles, president of the Federal  
Sugar Refining company, declared in  
addressing the annual meeting of the  
company's stockholders here today.  
He also announced that no portion of  
the surplus of the company would be  
distributed to holders of common  
shares at present, but that money  
will be used for betterment.

"Unlike other commodities, for  
which the war has created an abnor-  
mal demand," said Mr. Speckles, "su-  
gar is an essential at all times, and to  
all peoples. American refiners are  
now supplying practically all Europe,

and as a consequence the price of su-  
gar has risen to a degree which in-  
sures a comfortable profit."

Retiring directors were re-elected at  
the meeting.

## There's Health Along With Splendid Flavor In Grape-Nuts

This famous food has both delicious flavor that ap-  
peals to appetite; and the rich building elements of whole  
wheat and malted barley that makes for sturdy bodies  
and keen brains.

Thousands who have made GRAPE-NUTS, with  
cream or good milk, a part of their daily rations find  
that it helps wonderfully in restoring "balance" and vigor,  
and puts "go" into life.

## "There's a Reason"

Grocers everywhere sell Grape-Nuts.
